Football Squad Contains Some Husky Material For Coach Aultman and Capt. McCormick to Work With.

Even with the loss of several such men as quarterback Tommy Hendrick, center Steve Ricketts and hailback Harry Noyes, who have made the backbone of Academy football teams for the last two or three years, gridiron prospects for the red and white open up in promising shape with the aquad of candidates who have been receiving preliminary instruction for the last few days on the Academy campus. Enough men have been out to more than maker two full elevens, so that there will be considerable material to pick from when the lineup for a team is selected.

One big change will be in the shift of coaches, as Dr. Bunnell, who has handled the elevens with such marked success for the last six or seven scansons, will be too busy in other ways to look after the boys this year. He retires with plenty of honors and passes the reins over to coach Au't. It is getting the managers in the Cithe Hospital team is all its games so for the last six or seven scansons, will be too busy in other ways to look after the boys this year. He retires with plenty of honors and passes the reins over to coach Au't. It is said that they will strengthening to clip stride of the Brewst defenders.

With this in view, the season is prom and should draw ou ance of the season is prom and should draw ou ance of the season is lineup and his be ed upon to die in the atrick at any time.

Looks Like a Rugged Line. Jack McCormick, who played full-back in strong form on the tedm last year towards the close of the season, is captain and has a stock of exparience on former Academy first and second teams that fits him well for the place. Taking the candidates for size and huskiness alone, it looks as if it racged line could be nicked. From last

place. Taking the candidates for size and huskiness alone, it looks as if a rucged line could be picked. From last year's team there are Kinney, Larsch. Walsh, Havens isbister, Swan, and Bliss, to choose from for cuard and tackle positions, while Gebrath is on hand for end again. For center there is a new man in training by the name of Herbert, who is solidly built and looks well cast for the place.

Back of the line much is expected from Smullens, one of the Acidemy second team two years ago, and list season the stat halfback of Holy Cross riel, second team. Captain McCormick will arobably be in the backfield, but there is nothing definite yet about the other positions. Among other likely candidates now working out with the team are Johnson, the second team's quarternack, Loudon of the 1909 second team, Lord, Coughlin, Morgan, R. Smith and Higgins

Dates on the Schedule. Manager Bert Balley has a number of dates already arranged on his schedule which he expects will be made up of at least a dezen good gauses. Captain Gallivan's West Ends will play the opening date text Sat-urday and the season will close as usual on Thanksgiving day with a game against a Yale Consolidated

game against a Yale Consolidated teem.

The following dates have been arranged for Saturdays and Wednesdays: Sept. 24 (S.) West Ends; Oct. 1 (S.). Windham high; Oct. 8 (S.). Academy at Hartford vs. Hartford bigh; Oct. 12 (W.), Academy vs. Windham high at Williamantic; Oct. 15 (S.) New London Manual Training; Oct. 22 (S.) Storrs Aggies: Oct. 29 (S.), Bulkeley high of New London; Nov. 5 Bulkeley high of New London: Nov. 5
(S.), Academy vs. Manual Training at New London: Nov. 19 (W.), Academy vs. Bulkeley high at New London: Nov. 24 (Thurs.), Yale Consolidated If Westerly high school has a team dates will be arranged with them and there will also probably be a couple of dates given for a Mystic team.

FROM STATE HESPITALS. City Langue Managers Promise Hot Contests in Effort to Defeat Manager

It is getting the goat of the other managers in the City league because the Hospital team has got away with all its games so far without losing any, and each of the teams that meets any, and each of the teams that meets
the Histoitals in the future will be
keyed up to hand them a beating, if
possible, Greeneville is the next team
to meet them on this coming Saturday
and it is said that the nine managed
ty Bill Bowen will have all sorts of
strengthening to clip the championship
stride of the Brewster's Neck diamond
defenders.

With this in view, the best game of
the season is promised for Saturday

With this in view, the nest game of the season is promised for Saturday and should draw out the best attend-ance of the season down that way. Manager Farrell is a standpatter on his lineup and his boys can be depend-ed upon to die in the last ditch or turn a trick at any time that will put the a trick at any time that will put the game on lee, as they are showing the best amateur baseball that has been seen around here this season.

TENTATIVE OPERATIONS

Again Marked.

New York, Sept. 20.—The narrow limitations of the present stock marke were marked again today by the wa-in which price movements exhausted in which price movements exhausted themselves before going far in either direction. The wholly professional participation in the trading serves to explain this restricted movement. Operations are purely tentative and falling to develop any response either in the way of seiling from genuine holders or of demand intended to extend over the day's end, the courage of the trading element does not suffice to carry operations beyond the danger line of small losses. The settlement of larger questions is awaited with determination by the larger financial interests before attempting any important transbefore attempting any important trans

before attempting any important transactions in stocks.

The early advance was partly in response to the London market, which took up the late recovery here where it left off yesterday and pushed it somewhat further. Buying for London account was a factor in the strength shown at the outset here. The higher prices brought in realizing sales and reaction set in. The decline began about the time the finance committee of the United States Steel corporation was ready to go into session, and that

of the United States Steel corporation was ready to go into session, and that stock led the movement. The full in prices was not continued to the end of the day and the net changes again proved small.

A rise in the price of copper in London was cited and reports of curtailment of output by one of the copper mining companies of secondary grade was pointed to as an encouraging development in the copper trade. There were rumors put in circulation of the

mining companies of secondary grade was pointed to as an encouraging development in the copper trade. There were rumors put in circulation of the proposed entry into the interborough-Metropolitan company of important hanking interests, and on these rumors there was palpable realizing at the advance which had occurred in those stocks on preceding days. This movement was partly responsible for the realizing in the general list which decided the later tone of the market. Reports of lessening demand for steel products, of increasing competition for orders and of coming further reductions in the prices of leading lines helped to degress United States Steel with sympathelic effect on the general list. The proposed large increase in Oregon Short Line stock came as a surprise and market sentiment was rather at a loss to interpret its significance or its effect on Union Pacific, as the owner of the existing stock and the proposed taker of the additional stock when it shall be issued.

Sued.

Conditions in the money market were without marked change.

There is an improvement in the bond market which is barely perceptible from day to day but which becomes more discernible when comparing one week with another. The tone today was firm. Total sales, par value, \$2,-156,000. United States bonds were unchanged on call.
